

13th CIRP Conference on Photonic Technologies [LANE 2024]

Call for Papers out now, special fees for members of JLPS

Until January 28, 2024, researchers and developers from science and industry, who gained interesting results in the field of photonic technologies, especially in laser material processing, are welcome to submit an abstract for the 13th CIRP Conference on Photonic Technologies [LANE 2024] (September 15-19, 2024). The conference will be held in Fuerth, Germany, and the organizers cordially invite all members of JLPS to participate in the conference.

There will be a general discount of 10 % on the conference fees for JLPS members.

Contributions will be reviewed by an international review committee. If finally accepted, scientific papers will be published online in Elsevier's open access journal *Procedia CIRP* on ScienceDirect (indexed in the Ei Compendex and Scopus databases). Application-oriented industrial papers will be published freely accessible and without limitations on the LANE website. During the LANE conference all accepted contributions will be presented personally by the authors.

If you are interested in presenting your products and services to the LANE audience, please check out the exhibition and sponsoring opportunities, as well.

For detailed information on submission and registration, please visit the conference website www.lane-conference.org or see the attached Call for Papers.
