In principle, presenters are requested to bring their own laptop PC with the presentation data downloaded inside. USB storage devices and Data CD's are admissible if PC could not be brought by any means. (In such cases, be sure to have your data converted to PDF file format.)

Please do bring your own PC if your presentation includes video data to avoid possible incompatibility with the system environment.

For Mac users, please be sure to bring your own machine, adopter cables, and/or conversion plugs (i.e. for D-sub 15 pin).

Please appear at the Next Presenter's Seat at least 20min prior to your presentation.
