

AMADA  
Fiber Laser Lineup

\* This material is being processed by AMADA Fiber Laser Machine

# AMADA Fiber Laser Technology to create the future

AMADA is the first laser machine maker to develop a fiber laser oscillator.  
AMADA uses this strength in knowledge to propose a new era of laser application.

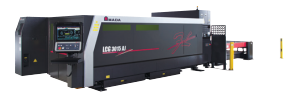

Fiber laser cutting machine  
FOL-3015AJ

Fiber laser cutting machine  
ENSIS-3015AJ

Fiber laser cutting machine  
FLC-3015AJ

Fiber laser cutting machine  
LCG-3015AJ

Fiber laser-equipped blanking process  
integrated solution  
ACIES-AJ series

Fiber laser/punch combination  
machine  
LC-C1AJ series

Fiber Laser Welding system  
FLW series
