June 5 – 8, 2017

Toyama International Conference Center, Toyama, Japan

Exhibitions and Catalog Display Opportunities

Welcome to join us at LPM2017!

The International Symposium on Laser Precision Microfabrication deals with science and technology of advanced laser materials processing covering precision microfabrication. The former LPMs have won the good reputation and popularity as the one of the most excellent international meetings in the world. LPM2017 is held during June 5-8, 2017, in Toyama International Conference Center, Toyama Prefecture, Japan.

LPM2017 is planned as a four-day event with a plenary session, oral and poster sessions, joint session, and three special sessions dealing with topical issues, and the exhibition with inviting most important world authorities in this field. The aim of this symposium is to provide a forum for discussion of fundamental aspects of laser-matter interaction, the state-of-the-art of laser materials processing, and topics for the next generation with fundamental scientists, end users and laser manufactures. We expect that LPM2017 would play an important role not only for understanding fundamental knowledge of laser materials processing but also forecasting future technologies to be developed and the future laser market.

We would like to encourage you to become LPM2017 exhibitors. The LPM2017 Exhibitions will be open not only to the symposium participants, but also to the general guests from the industries. Please pick up the categories which meet your interest. We hope that the Exhibitions will strongly assist you to extend your world-wide business opportunities. For the details, please refer to the following pages. Thank you for your attention in advance.
