Kitakyushu International Conference Center, Fukuoka, Japan

Sponsorship and Advertisement Opportunities

Welcome to join us at LAMP2015!

The International Congress on Laser Advanced Materials Processing (LAMP) deals with science and technology of advanced laser materials processing covering precision microfabrication and high power laser processing. The former LAMPs have won the good reputation and popularity as the one of the most excellent international meetings in the world. LAMP2015 is held during May 26-29, 2015, in Kitakyushu International Conference Center, Kokura, Kitakyushu-city, Fukuoka Prefecture, Japan.

LAMP2015 consists of International Symposia on Laser Precision Microfabrication (LPM) and High Power Laser Processing (HPL) and covers hardware as well as software for fundamental research and industrial applications in both micro and macro processing. LAMP2015 is planned as a four-day event with a plenary session, oral and poster sessions, joint session, and three special sessions dealing with topical issues, and the exhibition with inviting most important world authorities in this field. The aim of this congress is to provide a forum for discussion of fundamental aspects of laser-matter interaction, the state-of-the-art of laser materials processing, and topics for the next generation with fundamental scientists, end users and laser manufactures. We expect that LAMP2015 would play an important role not only for understanding fundamental knowledge of laser materials processing but also forecasting future technologies to be developed and the future laser market.

We would like to encourage you to become LAMP2015 event sponsor. Please select your sponsor categories: Advertisements for Abstract Booklets, Gold, Silver or Bronze Level Sponsorships. For the details, please refer to the following pages. Thank you for your attention in advance.
